

YOU WANT TO CHANGE PEOPLE'S LIVES?

We at Motek do this every day.

With game-changing and innovative technologies that improve human movement therapy for millions of patients around the world. Join Motek and become a part of the global leader to define the therapy standards of tomorrow.

CLINICAL APPLICATIONS & RESEARCH MANAGER / SCIENTIFIC AFFAIRS

WOULD YOU LIKE TO...

- Be responsible for the spreading of the latest scientific knowledge related to rehabilitation technology both within and outside of the company?
- Assist product development, marketing and sales, using scientific evidence as a basis?
- Bring in your clinical and scientific expertise to safeguard compliance with European medical device regulations?
- Be process owner and ensure proper implementation of our quality management processes related to clinical usage of our devices?
- Help improve our devices by setting up usability tests with current customers?
- Support new customers to set up their research projects using our devices?

WE MATCH WITH PERSONS WHO...

- Are passionate about bridging the gap between science, clinic, and technology
- Are dedicated and convincing
- Work efficiently, yet meticulously
- See the big picture and are motivated to contribute to the overall success of the company

YOU HAVE...

- A PhD in Human movement science or Biomedical- or Biomechanical engineering
- Experience in gait labs, motion analysis labs or Virtual Reality labs. Experience with Motek devices is a plus.
- Outstanding communication and teaching skills, as well as excellent presentation skills
- Fluency in the English language (spoken and written).

**Leading. Innovative. Reliable.
