Join Hocoma and become a part of the global leader to define the therapy standards of tomorrow.

JUNIOR REGULATORY AFFAIRS SPECIALIST MEDICAL DEVICES

ARE YOU INSPIRED BY...

- getting to know the development potential of our innovative medical high-tech devices in the neurorehabilitation market
- acquiring profound knowledge in the field of international regulations and standards for medical devices
- supporting our team for coordinating and monitoring our product registrations worldwide
- creating the technical product documentation in this interface function with your quality, development and product management colleagues
- organizing national adaptations of existing product registrations in case of product changes
- a career in the medical device regulatory affairs sector

WE MATCH WITH PERSONS WHO...

- like to work in cross-functional teams around the world
- work out solutions that are in compliance and goal-orientated
- communicate transparently and have a natural authority to perform on different levels
- keep a clear head, even under time pressure, thanks to their unique personality
- enjoy working in multicultural teams and discussing and solving challenges in global matrix organization

YOU HAVE...

- initial experience in the medical device or similar industry area
- completed a technical education (higher education desirable)
- a high standard of language skills in German and English (spoken and written), other languages are a plus

Leading. Innovative. Reliable. Human. Integrity. Passionate.

That is what Hocoma stands for. What do you stand for?

www.hocoma.com

To be considered as an outstanding candidate, please include your **compelling motivation letter** that points out why you match with us and send your application with all documents and a photo to personal@hocoma.com. Ms. Helene Teuscher, Tel. + 41 (0)43 444 22 00, is glad to answer your questions.

We only accept direct applications.
